CHARLESTON HABITAT FOR HUMANITY PARTNER FAMILY RECEIVES STORM SHUTTERS

Charleston Habitat for Humanity is proud to announce an exciting donation given to a Charleston Habitat partner family. Beatrice Jones and her family received storm shutters from Mr. Steve Valletto of Weather Guard. With this donation, Ms. Jones Habitat home windows will be protected from the fierce hurricane season.

Dr. Jeremy Browning, Executive Director of Charleston Habitat for Humanity, quotes, "Donations such as these add to the value, look and protection of the home. We are delighted that the Jones family home will not only be safer during hurricane season, but also the family will be even prouder of their home's overall look."

Charleston Habitat for Humanity would like to thank Weather Guard, for the storm shutters and commitment to helping others in the community!

For more information and how you can help, please visit www.charlestonhabitat.org. For more information on Weather Guard, please visit www.weather-guard.com.

Charleston Habitat for Humanity provides affordable homeownership opportunities for working families of moderate income in the cities of Charleston and North Charleston. CHFH was founded in 1989 and continues its mission today to address the twin issues of substandard housing and escalating housing costs. Qualified families help build their home and pay a 20-year no interest mortgage. Homeowner payments go into a revolving fund, which supports the construction of new homes.
